FOR IMMEDIATE RELEASE

ESP – Engineered Sheet Products Joins the International Association of Plastics Distribution

OVERLAND PARK, Kans. –The International Association of Plastics Distribution is pleased to announce that ESP – Engineered Sheet Products, a manufacturer, has joined the association. Headquartered in Winona, MN, USA, the company applies 30+ years of thermoplastic compounding expertise into the manufacture of high quality specialty thermoplastic sheet. A division of global thermoplastics specialty compounder RTP Company, Engineered Sheet Products applies 30+ years of thermoplastic compounding expertise into the manufacture of high quality specialty engineered thermoplastic sheet with a focus on:

- Conductive and Anti-static
- EMI Shielding
- Thermoplastic Elastomer
- Flame Retardant
- High Temperature
- Structural and Reinforced
- Wear Resistant and Lubricated
- Medical
- Color

More information is available at www.engineeredsheetproducts.com.

Engineered Sheet Products joined IAPD in June 2013 and is the ninth new member to join the association in 2013. The IAPD Board, Membership Committee and staff are all happy to see so many new members who appreciate the value of IAPD membership.

“I am pleased to welcome ESP – Engineered Sheet Products as a new IAPD member,” said Susan E. Avery, CAE, IAPD Chief Executive Officer. “IAPD represents that plastics distribution supply chain and most importantly, champions the use of plastics in applications and the use of distribution as the way to market. Companies who are admitted to IAPD as full members of the association must evidence

their commitment to the plastics distribution supply chain. The association will be their essential source for networking, training tools, education, information and insight. Through IAPD, they will have access to the thought leaders in the plastics distribution industry.”

About IAPD

The International Association of Plastics Distribution (IAPD), established in 1956, brings together distributors, manufacturers, manufacturers’ representatives, fabricators, recyclers and service providers in an environment which encourages a free flow of ideas and information that help members build their businesses. Every program and service we provide is designed with the simple goal of helping our members increase profitability. Membership in IAPD is an affordable business investment. IAPD provides training, connections with customers and suppliers and information about developments that impact the industry. What makes IAPD unique is a commitment to educating customers and other key end-users about plastics. In other words, IAPD works with members to build the demand for plastics. Central to this effort is the reinforcement of the value of distribution.

For a full description of membership benefits and to download an application, visit www.iapd.org/join_renew/membership_benefits.cfm.
