QUALIFICATIONS FOR MEMBERSHIP

Fabricator Membership

Any partnership, corporation, or a division, subsidiary or department of a company who is engaged in downstream fabrication of plastic sheet, rod, tube, film, pipe, valves and fittings. Eligible fabricators include companies that bend, machine, weld or bond stock plastic; or are engaged in film conversion. Companies that would be eligible for membership are fabricators, machine shops and film converters.

Fabricator members must subscribe to IAPD's Code of Ethics, and meet all of the following eligibility requirements:

- Derives at least 51 percent of revenues from value-added services (excluding cutting), such as bending, gluing, welding, routing, assembly, forming, milling, turning, slitting, sheeting, laminating, etc. on plastics materials; and
- Purchases at least US\$1 million of plastic materials through plastics distribution or plastics manufacturing; and
- Has been engaged in plastics processing for one or more years; and
- Provides three reference letters from plastics distributors or manufacturers attesting to the commitment of the organization to the plastics distribution channel, qualification of IAPD membership and verification that the applicant purchases plastic sheet, rod, tube, film or pipe, valves and fittings through plastics distributors or plastics manufacturers.

Exceptions to any of the foregoing requirements for any category of membership may be made by the Board of Directors upon its determination that the particular circumstances will not be to the detriment of the Association or the applicant.

ANTITRUST POLICY

It is, of course, the policy and intention of the IAPD (International Association of Plastics Distribution) to comply with all laws. The antitrust laws are of particular concern, since IAPD is, by its nature, a group of competitors joined together for a common business purpose. Therefore, the following guidelines are adopted, and each officer, director, committee chair and vice chair, committee member, member of the association, staff member and any other representative or agent of the association is urged to comply with such guidelines.

I. MEMBERSHIP

Since members of the association derive an economic benefit from their membership, the bylaw requirements and qualifications for membership will be strictly adhered.

- (a) Each and every applicant for membership, who is qualified under the bylaws, will be promptly processed and admitted to membership.
- (b) Any applicant not qualified for membership under the bylaws will be promptly notified of the specific reason for non-qualification.
- (c) Rejected IAPD membership applicants and any members threatened with expulsion because of failure to comply with the bylaws membership requirements will, upon request, be afforded the opportunity for a hearing before the association's Board of Directors or Executive Committee.

II. ILLEGALITY OF DIVISION OF CUSTOMERS AND TERRITORIES

Since an agreement among competitors (including members of the association) to divide customers or establish territorial rights is a criminal act, any such agreement, therefore, formal or informal, is not to be considered or discussed.

III. STANDARDIZATION AND CERTIFICATION

Voluntary industry standards which favor some competitors and discriminate against others create antitrust problems. The association will not consider or adopt standardization or certification activities which further the interests of certain groups of members to the exclusion of others, since such activities may result in antitrust problems.

IV. INDUSTRY SELF-REGULATION

The association will not establish or enforce a code of ethics for its members under circumstances where such code of ethics would result in economic injury to certain groups of members.

V. PRICE FIXING

Prices charged by its members and the establishment of such prices is an inappropriate and illegal subject for association action and discussion, and the fixing of prices by individual members is declared to be outside the scope of the association's activities.

VI. DISCUSSION TOPICS TO BE AVOIDED

The following subjects will not be discussed at association-sponsored meetings, whether such meetings be of the Executive Committee, Board of Directors, committees or the general membership:

- (a) Current or future prices. (Great care must be taken in discussing past prices.)
- (b) A "fair" profit level.
- (c) Possible increases or decreases in prices.
- (d) Standardization or stabilization of prices.
- (e) Pricing procedures.
- (f) Cash discounts.
- (g) Credit terms.
- (h) Control of sales.
- (i) Allocation of markets.
- (j) Refusal to deal with a corporation because of its pricing or distribution policies.
- (k) Whether the pricing practices of any industry member are unethical or constitute an unfair trade practice.

- ☐ The undersigned applies for membership and pledges that, if approved, I/we will be governed by its bylaws as now adopted or as they may be hereafter amended and all the rules in conformity therewith which do not conflict with the laws of the United States or the states in which I/we do business. (Please print.)

CODE OF ETHICS

In as much as the performance plastics industry is a unique and special industry within the international performance plastics industry, and whereas the distributors, fabricators, manufacturers, resin manufacturers/distributors, recyclers and manufacturers' representatives of performance plastic materials are the liaison between the plastics distribution industry and industry and commerce in general, therefore, to foster mutual trust between ourselves, our industry and the general public, we are resolved to abide by the following code of ethics:

- We shall promote and support the distribution channel as a means to bring product to market.
- We shall refer to all products by their trademark, generic name or chemical formulation as solicited, and clarify the differences in either or all three of the classifications as the case arises.
- We shall substitute competitive brands from a trademark solicited, only upon approval of the buyer.
- We shall educate the buyer on our products without misrepresenting their advantages or disadvantages, and promote the use of the various products for the physical, chemical and electrical properties for which they excel.
- We will accurately represent and advertise our merchandise and services.
- In the ever-changing conditions in the performance plastics field, we will always be alert to new products which will benefit our customers.
- We shall comply fully with international standards, regulations and laws – including, but not limited, to environmental, employment, trade and business practices.

- ☐ The undersigned applies for membership and pledges that, if approved, I/we will be governed by its bylaws as now adopted or as they may be hereafter amended and all the rules in conformity therewith which do not conflict with the laws of the United States or the states in which I/we do business. (Please print.)
